## General Specifications:

The Compact Gas Control Panel shall be an Amico Alert-2 series.

The Compact Gas Control Panel shall consist of a carbon steel coated plate, pressure regulator, inlet pressure indicator, DISS outlet adapter, gas specific lamacoid and internal copper tubing sizes $1 / 8^{\prime \prime}(3.175 \mathrm{~mm})$ and $1 / 4^{\prime \prime}(6.35 \mathrm{~mm})$.

The Diameter Index Safety System (DISS) service outlet shall be for medical gases Carbon Dioxide, Instrument Air or Nitrogen. The outlets shall be used for connection to pneumatic surgical tools.

The plate shall include a color coded label to indicate which gas the control panel was designed for.

All Gas Control Panels shall be factory tested and cleaned for intended gas service.

Amico products shall comply with NFPA 99.

## Features:

- Inlet pressure display gauge in psi/kPa
